Future Plans

Enrolled at UW-Stout to major in Construction Management, Fall 2025. I am seeking this scholarship to help with the financial costs to attend college.

(Optional) Preference is given to applicants who share a bit about how their life has been impacted by cancer or suicide.

Cancer has impacted my life in a deeply personal way. My mom's brother passed away from cancer before I was born, so I never had the chance to meet him. Even though I didn't know him personally, his loss left a lasting mark on my family. I've seen how much pain his absence has caused my mom and how his memory continues to shape our lives. His story has inspired me to appreciate the time we have with loved ones and to stay strong in the face of hardship. Cancer may have taken him, but the impact of his life and loss continues to influence me today. My mom tells me that I remind her a lot of him by my sense of humor, humbling personality, and caring actions towards others.
