

## Why is Hospice Care important for Dunn County?

Hospice Care is for patients and their families facing end of life and for whom curing illness is no longer possible or beneficial. Our hospice team partners with our patients and their families to prepare for the end of life by respecting the choices they make, providing the care they deserve and gently supporting their loved ones along the way.

This year's event will support Hospice Patients in Dunn County and Adoray's Complementary Hospice Therapies such as End of Life Doulas, Massage Therapy, Dream Big, Compassionate Touch, We Honor Veterans, and Grief Support. Our services enhance the patient's experience and ensure patients and loved ones navigating the end-of-life journey never have to do so alone.
